Jude Thaddaeus

Unravelling the truth

Jesus talked about a lot of things, sometimes it's very hard to understand what he said. Jesus used symbols and spoke about things knowing people would not understand. Look closely at this overlapping picture to find some of the symbols he used.

I see :

The Disciples were often confused, but they trusted Jesus. Why do you think they followed Jesus when they didn't understand what he said?

they recognised he was special

they were bored

Jesus was popular

Jesus welcomed them

Jesus asked them

to be part of something

they liked the parts they understood

to understand more

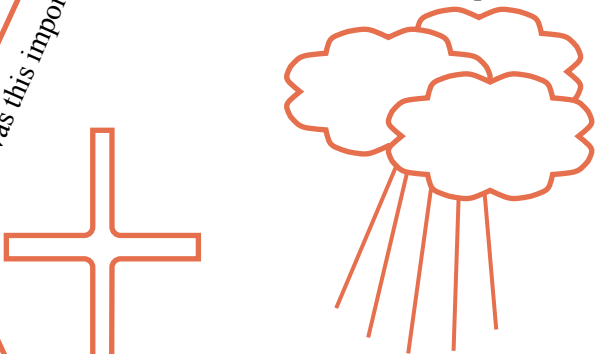

they saw him do miracles

they wanted to leave their families

Jesus told Jude he would leave and send a helper, what did this mean?
Add some colour to the images below as you talk

why was this important?

How did Jesus leave the disciples?

What helper did Jesus send?

why was this important?

Jude realised that sometimes you may only see one part of the picture but that's ok, God is too big for us to understand everything. Help complete the missing piece in this picture of Jude.

What missing pieces do you struggle with?
