

You'll need:

Scissors & glue.

Instructions

Cut out one strip and one pig piece per child.

Fold on the dotted line.

Add glue to the white area on the strip and attach the other end to form a loop. (This will be the bit that rolls like a wheel.)

Add glue to the pink area and attach a pig inside the loop.

Place your loops so the pig is standing and gently blow them across a table surface and off the side.
